Deployment Buddies Information

Is someone in your household currently deployed or preparing for deployment? Our school provides a program for children that have a deployed parent. A student is eligible to participate if he/she has a parent who is on a contingency deployment physically separated from his/her child for a minimum of 90 days.

Currently we are meeting in small groups providing fun activities, snacks and a special time for your child! If your family meets these guidelines, please ask your child's teacher or counselor for a permission form.
